WASTE ELIMINATION

The elimination of waste amounts to a patriotic duty these days more than ever it did before, now that the needs of the country are so much greater. America has a future before it that it cannot read and it must be prepared. On the line of elimination of waste the Washington Observer presents the following timely editorial:

Spending money does not necessarily mean waste. Money is necessary in the legitimate channels of trade. Hoarding food or money or any of the things necessary for the carrying on of our trade and commerce is the worst possible way to carry out the idea of the president.

It has well been said that everyone can distinguish the difference between prudent living and wastefulness.

If a man buys a suit of clothes, a pair of shoes or a hat, his money goes into legitimate circulation and furnishes uses for capital and employment of labor. We should administeer our expenditures in a clean, honest, legitimate and patriotic manner.

Eliminate waste of food, bearing in mind that every mouthful you save may be the sustenance of some starving fellow human being abroad.

We should not tear down on the one hand while we are trying to build up on the other. Those in business should not hesitate—be courageous and keep on going.

The billions of dollars which are being raised for war purposes will eventually return into the pockets of the people. Even the money which we loan to our allies is being spent immediately in America.

In the matter of individual expenditure every man should be [illegible] his own necessities [illegible] needs of the [illegible] one of us be a slacker. The most acute need of our nation today is intelligent, productive, constructive thrift.

CLIMBED STAIRS ON HER HANDS

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story:

Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. JOHNSTON, Route D, Box 190, Richmond, Ind.

Soy Beans

From Japan, home of some of the most intensive farming the world ever saw, comes the soy bean. Imported first as a crop to build up the fertility of American soil, it is now claiming a place in the American diet.

Chicago meat packers are warning us that we may soon have to adopt meatless days. Of all garden substitutes for meat beans come nearest to filling the bill because they are the richest of vegetables in protson, the chief food element in meat. Therefore soy beans are being urged for the garden this year. The soy bean leaves the ground richer than it ound it.

Soy beans will not grow well in soil where they have never grown before unless that soil is impregnated with certain microscopical germs which the roots must have. That is for soy beans the soil must be inoculated. This is simple. All that is needed is to get a little soy bean culture or some soil which has produced soy beans. This culture is sold by seedmen. It is cheap and a handful is enough for a bean patch.

If you can get the soil mix it with a half pint of seed and plant two or three inches apart, one inch deep, in rows 15 inches apart. For successive crops you can sow up to Aug. 15. When the beans are just full grown or even three quarters, the pods can be picked. Dipping pods in boiling water makes shelling easier. To cook do the same as peas.

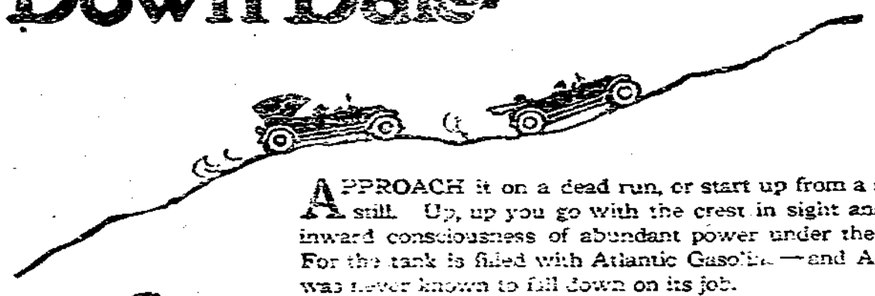
Up Hill and Down Dale



APPROACH it on a dead run, or start up from a standstill. Up, up you go with the crest in sight and that inward consciousness of abundant power under the hood. For the tank is filled with Atlantic Gasoline—and Atlantic was never known to fall down on its job.

Over the brow and down the other side, dropping into the stride of the burro, if you wish. The motor is purring softly now as you lift your foot slightly from the accelerator.

Another grade. You press down. The soft purr changes to a deep growl and you know you are going to make it on high. For Atlantic Gas is still on the job. Up hill and down dale—all is pleasant going when you feed Atlantic Gasoline.

Put in a shot of Atlantic next time and watch the difference—in both power and purse. Beware of mongrel fuels.

"You've Got the Goods, Atlantic"

"Today, the specific gravity test is practically worthless as a check on the suitability of a gasoline for example, for a modern motor equipment. * * * It seems most probable that the definition of gasoline will have to be based on the percentage that distills over between specified temperatures, when the distillation is carried out under specified conditions. * * *

"The gasoline must not vaporize too freely for two reasons; One, that it would not be safe, and secondly, its loss in storage by evaporation would be too great. Hence, the specification may have to contain limitations of the percentage distilling over below a certain temperature, coupled perhaps with a proviso that certain percentages shall distil over below other fixed temperatures, in order that requisite amounts of low-boiling constituents shall be present to insure easy starting of an engine.

"Likewise the specification must contain a proviso that all must distil over below a certain maximum temperature, in order to exclude from the gasoline the heavier petroleum distillates, such as kerosene."

Official Press Statement by U. S. Govt. Bureau of Standards:

We've been preaching and practicing the same thing for years. The boiling-point of Atlantic Gasoline is always uniform. It meets Uncle Sam's ideas perfectly.

BUSINESS MEN TO HELP THE NATION

Cooperation Sought by Pennsylvania Public Safety Committee

MONTHLY BUSINESS TAKEN UP

The Charleroi Business Men's Association at the regular May meeting Thursday evening received a formal request for cooperation with the work of the Pennsylvania Public Safety Committee in a communication written by Chancellor Samuel Black McCormick, of the University of Pittsburg. Mr. McCormick asked that he be furnished with names of leaders in every trade and profession here that they may be interested directly in cooperative duties for the welfare of the commonwealth and the nation. Mr. McCormick represents state allied bodies in his welfare activity. Secretary D. F. Letherman was instructed to prepare a list and to file it with Mr. McCormick

The meeting was held following dinner in the Hotel Arthur parlors. There was a good attendance and important business was taken up.

A report was made by Hugh E. Fergus, Esq., that the matter of freeing the Charleroi-Monessen bridge was with the Supreme Court for a decision and that a decision would hardly be forthcoming until June or July.

A patriotic celebration was suggested by Guy Moffitt, Esq., and forthwith a committee was appointed to begin work at once On the committee were named the following: Dr. R. Rush, Guy Moffitt, Esq., Burgess S. L. Woodward, Frank Riva, W. B. Patterson and Capt. J. K. Hein. A meeting will be held tonight in the First National bank

The matter was reported relative to the need of a coal chute at the coal plant of the Youghiogheny and Ohio Coal company, and Secretary Letherman was instructed to write to the Cleveland offices

It was reopened that $185 had been raised for building a wharf. Capt. Hein a member of council, stated council was interested and would extend such help as needed.

Relative to the trading stamp and premium giving idea a report was made by a committee that nearly all merchants had signed a petition. A meeting will be held next Tuesday by the committee when the matter will be taken up.

WILLIAM DESMOND IN NEW PLAY AT MAJESTIC

"Paddy O'Hara," a new play featuring William Desmond will be presented at the Majestic theatre today by the Triangle-Ince-Kay Bee makers. In the production Desmond portrays the role of a dashing war correspondent. He is ably supported and the production is a worth while attraction

PASSENGERS, BY THREAT TO "GET OFF AND WALK" REACH HOMES IN TIME

When the conductor on a Pennsylvania Railroad passenger train told the passengers that the train would probably be delayed several hours Thursday morning as a result of several freight cars being derailed at Rowes Run, near Uniontown, five passengers announced that they "couldn't wait" and would walk four miles to their homes in Royal The conductor immediately communicated with the engineer on the freight engine. The five passengers were transferred to the engine and were taken to Royal, having been delayed only a few minutes.

FRONT YARDS AS WELL AS BACK ARE BEING GARDENED

A number of front yards, as well as rear yards are being planted as gardens by enthusiasts in Charleroi. The foreign people especially are interested in the garden movement and are doing their utmost to increase their crops. They feel that if anything is sacrificed it must be lawns rather gardens. The Woman Suffrage Association has a number of lots listed now for those who wish to garden them, the president of the association, Mrs. H. W. Tweel having the list in her possession.

PROF. HERTZOG AGAIN PRINCIPAL

Well Known Educator Continued at Head of California Normal

Trustees of the Southwestern State Normal school at their annual meeting in California elected Dr. W. S. Hertzog to again be principal of the institution, increasng hs salary from $3,000 to $3,300 a year. He has already served four consecutve years as head of the school.

Under the leadership of Dr. Hertzog the school has prospered and the present year has been the best in its history, the attendance being unusually large. One hundred sixty young men and women will be graduated this spring.

Along with Dr. Hertzog, practically the entire faculty of this year was relected. Increases in salaries were granted to all teachers reelected.

J. E. Masters of Charleroi is president of the board of trustees and J D. Hornbake of California is secretary Among the other members of the board are Byron E. Tombaugh of Washington; Congressman T. S. Crago of Waynesburg and State Senator W. E. Crow of Uniontown

Presceding the meeting of the trustees, which was held Wednesday Rev. Harry M. Chalfant of Philadelphia one of Pennsylvania's most prominent temperance workers, delivered an interesting address to the student body. He spoke on the liquor problem.

POLICYHOLDERS MAY RECEIVE ALL

Believed Affairs of Pittsburg Life and Trust Can Be Straightened

Officials of the Pittsburg Life and Trust company, for which a receiver was asked Wednesday by State Insurance Commissioner J Denny O'Neil, issued a statement to reassure persons holding policies in the company, which purported to show that affairs of the company are not in as dire straits as generally believed, as the result of the big swindle perpetrated by New York promoters.

Local insurance interests expressed the belief that if the company's reserve fund is intact or not too greatly despoiled the situation is not at all desperate. In that event, the policyholders would receive at least all they have paid in in premiums and it was said a receivership might put the company in a position to continue business.

In a statement made at Harrisburg, Mr. O'Neil indicated that the state authorities will make every effort to have the old directors of the company pay in the amount for which the treasury was looted following the change of control.

LENGTHY SESSION OF COUNTY COURTS WILL BEGIN NEXT MONDAY

When court is convened on Monday morning it will be for a long sitting. The grand jury will be in session next week. The week following the May term of criminal court will be convened. Two weeks are set aside for this term but there will not be two weeks of cases to be heard this term. Following criminal court comes the May term of common pleas, which runs well through June. After common pleas court comes argument and equity court, and that will mean court almost until the time for the usual summer bar vacation.

The grand jury work will not be heavy. Cases are listed for only about half the coming week. However, there are some road petitions to be laid before the grand jury, upon petition of the commissioners and order of the court, so that the grand jury will be kept busy about all week. Thursday only 68 cases had been listed for presentment to the grand jury. This is the smallest number for any term for a long time. There is the usual run of cases of illegal liquor selling, assault and battery, crimes against morality, larceny, false pretense, etc.

The case of the commonwealth against Thomas Morris, held or the killing of Charles Jackson at Canonsburg, on April 8, will be presented to the grand jury, also the case of the commonwealth against Lawrence Marsonvics, held for the killing of Harry Dibert at Donora on February 15 last. Lorenzo Compana, held for the killing of Margaret Decolati, at Monongahela, on April 10, has not yet been apprehended, but the case will be laid before the grand jury next Thursday.

Judge R. W. Irwin who is at Battle Creek, Mich., on acount of ill health, will not be back for the criminal term of court Judge J. W. Ray of Waynesburg will be here at the convening of criminal court, one week from Monday and sit during the term

The constables make their quarterly returns on Monday, but this is not usually accompanied by much out of the ordinary. The usual session of motion and rule court will be held at 10 o'clock. Pleaders will be heard as usual at 9:30 o'clock.

MUST NOT SELL SOLDIERS LIQUOR

Judge McIlvaine Hands Down Important Prohibitory Decision

Judge J. A. McIlvaine handed down an order Thursday in the matter of liquor licenses and the sale of intoxicating liquors to United States enlisted soldiers, whether in the army, navy, or any other branch of military service. The order is due to the fact that the United States military authorities are desirous that all persons enlisted in military or naval service of the United States totally abstain from the use of intoxicating liquors as a beverage during their term of enlistment. The order of the court follows:

In re liquor licenses and the sale of intoxicating liquors to United States enlisted soldiers.

In the Court of Quarter Sessions of Washington county, Pa., No. 22 November term 1916.

And now, May 3, 1917, it being represented to this court that the United States military authorities are desirous that all persons enlisted in the military or naval service of the United States totally abstain from the use of intoxicating liquors as a beverage during the term of their enlistment, it is now ordered that this information be given to all persons holding license from this court to sell vinous, spirituous, malt or brewed liquors, either by retail or wholesale, and that they be requested hereafter to refuse to sell or furnish vinous spirituous, malt or brewed liquor to any person who is in the military or naval service of the United States.

And it is further ordered that the Clerk of this Court mail to each person and corporation who may hold a license from this court to sell such liquors, a copy of this order.

By the Court,
J. A. McIlvaine, P. J.

DONORA BOYS ARE GIVEN FARM WORK

High School Lads Secured by Morris Township Agriculturalists

Acting under the suggestion of President Wilson as to high school student getting out on the farm and assisting in growing grain, vegetables and in other lines of farm work, Kail Price, Arthur Kohnfelter and Frank Koehl, of the graduating class at the Donora High school, who have practically finished their work of the term, were in Washington this week enroute to Morris township, where they have already secured work. Price goes to work with Dr. W. D. Martin on his farm near Spraul; Kohnfelter will work on the farm of W. E. Craft and Koehl goes to work for Edward Parkinson, Jr., of near Prosperity.

The boys have had but little experience in farm work, but they expect soon to learn the art of growing grain and vegetables. They have been given a suggestion if the kind of the premise they will engage and good bread, meat, potatoes and real milk. All three boys will be granted certificates of graduation as promised by the high school faculty if they stay on the farm and make good.

BOY KILLED BY PASSENGER TRAIN

Lad of Twelve Years Fatally Hurt When He Steps in Path of Train

DIES IN MEMORIAL HOSPITAL

Stepping from behind one train into the path of the southbound passenger train due in Charleroi at 6:20 o'clock Thursday evening, Michael Luccoco, aged 12 years, the son of James Lucoco of Fallowfield avenue was so badly injured at Twelfth street that he died at 10 o'clock in the Memorial hospital, Monongahela, where he was removed. His body was brought back to the morgue of M. T. Crowley

The lad had been playing with others across the tracks in the Twelfth street vicinity It is told he started across the tracks and the accident happened. Both legs were broken, together with a hip and a shoulder. A gash was cut in his head and he was otherwise used up.

Carried into a nearby home he was given immediate medical attention by two doctors and when he showed signs of response to the treatment was hurried to the hospital.

ORATORIO PRESENTED TO LARGE AUDIENCE

Second Rendition of "Elijah" at High School Auditorium Pleases—Soloists and the Chorus Do Well

A good-sized audience attended the second rendition of the Mendelssohn oratorio, "Elijah" in the high school auditorium Thursday evening, coming from various points along the Monongahela. Chorus and soloists did well under direction of A. H. Bossom.

There are two parts to the oratorio, the first relating the biblical story of Elijah's calling down rain from heaven and the second referring to the after events, when again the people of Israel were people in danger of forgetting and when the prophet becomes wearied from his exhortations.

Friends were won by all the soloists. Thomas Morris, Jr., in the Elijah role lived up to his advance notices as one of the best baritones for the part in the country. Miss Ethel Barth, soprano, Miss Isabella Dorbritz, contralto and C. Warren Kinder, tenor, covered themselves with glory, their excellent tonality and interpretation of their difficult parts winning for them high praise. All special parts were well assumed, furnishing a pleasing part of the program. All accompaniments were played in an accomplished manner by Mrs. Floyd Chalfant.

By the oratorio a neat sum was raised for the First Baptist church building fund, for the benefit of which it was sung.

HOW TO GET STRONG

A Simple Remedy.

Whatever the cause, we want to say to every person who needs strength, you need Vinol as it is the most efficient strength creator we have in our store Here is proof from Dorchester, Mass.—

"I don't know what we would do without Vinol in our family. I was weak, nervous and run-down as the result of an operation, and Vinol restored my strength. Then Grandmother had a nervous breakdown and Vinol built her up and restored her health and strength after everything else had failed. We have used Vinol for 13 years in our family, and would not be without it in the house." Myrtle L. Healy, Dorchester, Mass.

We believe in Vinol because we know it is a great strength creator—due to the beef and cod liver peptones, iron and manganese peptonates and glycerophosphates, all dissolved in a pure medicinal wine, so we always return the purchase money if Vinol fails to benefit those who buy it.

CHARLEROI BOY SPRINGS SURPRISE ON HIS PARENTS

THEY HAD WORRIED ABOUT HIM FOR A LONG TIME

He was one of those ambitious boys the city is full of, had the will and desire to work but not the strength, had never been over strong, always pale and anemic, it was up hill work for him to keep up his end either in play or at school.

His mother remarked to one of the neighbors how bright and well her little girl had been looking, she was so rosy cheeked and full of life and good spirits, where before she had been so pale, sluggish and backward about everything.

The girl's mother smiled and said, "Why that is easy, that child gave her father and me loads of worry, we had tried everything and were about desperate, when the farmer who brings in our eggs told us to try Phosphated Iron, he bet that would do the business, his oldest daughter was just the same, but now looked like a new child and they would never be without a box in the house."

The boy's mother took the tip and you should hear her praise Phosphated Iron, she says he is full of boyish good spirits and tricks, eats the way all boys should, no more restless nights, sleeps like a log, and now leads his class with ease, where before his work had been an effort and a drag.

It just seems af if the boy's whole system absorbed the Iron he was in such need of it and the Phosphates were just what his overworked little brain needed. It sure made a wonderful change.

Doctors all agree that four-fifths of all trouble is due to the lack of Iron and Phosphorous. If one has them in their make up they are healthy and strong. Good for both old and young, for anyone run down, anemic or lack of red blood corpuscles. Get a package today and feel like your old self again.

Special Notice—To insure your receiving the genuine Phosphated Iron we have put up in capsules only. Do not allow dealers to substitute Tablets or Pills.

U. S. Control of Food Prices

Would be a good thing for all concerned. It would reduce the cost of living to such proportions that all would be able to meet their obligations. While the government has not established a retail selling price for eatables we have marked them down to the lowest notch and by comparison you will find that according to quality and price you cannot do better.
